[Communicated.] More about Records-Facts for the Tax-Payers and the Serious Attension of the General Assembly.

The investigation of this matter brings to view other things than the mere printing of the work, and presents itself squarely to the attention of the General Assembly and the schole people. Not only the litigants, but every tax-payer is interested in this subject. Why does the State advance the money for printing these records? That is the question also to be considered. Does she furnish the money to pay for copying the

record of the court below sent up to this court? I think not. THEN, WHY IS THE STATE MADE THE BANKER OF PRIVATE LITIGANTS, AND WHY DOES SHE ADVANCE THE MONEY TO DO THIS PRINTING, PERHAPS NEVER TO BE RETURNED, CER-TAINLY NO MORE THAN ONE HALF, AND SHE NOT ABLE TO PAY THE INTEREST ON HER PUBLIC DEBT? I assert that the State and her citizens are deeply interested in this matter, and as much so as in other printing paid for out of

the Treasury—yea, more so, because she has an equivalent for the money spent for her departments, and it is necessary for the proper transaction of her business, but she has no interest in the records save in Commonwealth's cases, and is paying nearly as much for this work as for that legitimately done for her legislative and executive departments. Think of it, tax-payers, and members of the General Assembly sent here to legislate for the interests of the WHOLE PEOPLE: OVER TWENTY-FOUR THOUSAND DOLLARS EXPENDED IN THREE YEARS, AND ONLY ONE-FIFTH RETURNED TO THE TREA-

The money is required to be PAID by the law on or before the rust day of the SEC-OND TERM of the court after the case is docketed - otherwise it shall be dismissedand the money shall be paid by the appellants or plaintiffs in error, and to be ultimately recovered by the party substantially prevailing. What does that mean? It means that the party who appeals shall pay at once to the State the cost of the record. and if he is successful he receives it back from the defendant, otherwise he loses what he has paid. This would not be so bad for the State if the law was compiled with, but it is not. The records of the Treasurer's office do not show it, and his books are the ones to do so.

If the law was carried out, the greater amount would be returned to the Treasury before the end of each fiscal year, and uppear on the books of that officer. The law says that the amount taxed for printing the records shall be paid into the

Treasury. Not one half, but all. Then, will it be asserted that if a record costs \$100 that \$150 are charged, and that the clerk gets that is not so, then where is the law for CARDOZO, FOURQUREAN & CO., making this State pay one-balf the cost as a fee to the clerk-for THERE IS NO DOUBT THAT HE GETS ONE-HALF THE COST in some way. either out of the State or the parties to the " The clerk shall account for and pay into

the treasury of the State the amount taxed for printing the record." This is the language of the law. [See section 12, chapter 180, Code of 1873.] The law certainly does not in express terms allow this fee of one- bought, as usual, for cash, and will sell as low half for printing the record; and it will re- as the lowest: quire quite a stretch of construction to get it out of the following sentence of section 4-4 HeAVY and FINE BROWN COTTON at section shall be construed so as to deprive the clerks of the right to charge for a copy of the record in any proper case." This surely does not mean a printed copy, paid for by the State; and he does not fornish the manuscript from which the printing is done, for the copy used is that sent up from the court below, and the law says that it shall be so used and returned to the clerk's office.

If the law has been complied with—and it must have been, or the cases would have the clerk and control of the clerk's office.

it must have been, or the cases would have been dismissed—where is the money? Cerbeen dismissed—where is the money? Cermh 18 tainly not in the Treasury. Has the law been construed so as to allow the clerk to collect only his fee, and the Commonwealth But the fact is, the State is never reimbursed SUGAR! SUGAR! SUGAR! for the money expended for private parties. If the latter surmise is true, I am sure no such a construction was ever intended by

the Legislature; for such a construction would be an outrage upon the Treasury and A tax-ridden people. Veritas.

P. S.-I decline to discuss the question with Mr. Clemmitt. I have given the facts, which can be verified by official documents. He gives nothing but statements. The public will infer from his letter that this record-printing is not a small matter to some
